3 (29)	Modern Project Management (3)	Master Thesis (presentation) (4)	Master Thesis (written document) (22)

Legend:

	mathematics
	applications
CP	credit point
SHW	semester hour per week

Remarks:

A study plan is a proposal for the organization of the courses resp. examinations within the standard duration of study as permitted by the study and examination regulations.
The individual organization of the student may deviate from this proposal. Only the provisions of the study and examination regulations are binding.

In case of doubt, the valid legal norms published by the OTH always apply.
For each semester the programme of courses is decided by the faculty board.
